Welcome to Frederik Meijer Gardens & Sculpture Park

Frederik Meijer Gardens & Sculpture Park celebrates benefactor Fred Meijer's love of sculpture and his wife Lena's love of flowers. What started out as a love story has been transformed into 158 acres of beauty celebrating the marriage of art and gardens. Spectacular in all seasons, Meijer Gardens is a place you'll want to experience again and again.

Outdoors, explore our world-class sculpture collection, gardens, meadows, woodlands and wetlands. Indoors, enjoy conservatories featuring tropical, desert, and carnivorous plants, and changing seasonal displays. Rotating horticulture exhibitions *Fred & Dorothy Fichter Butterflies Are Blooming*, *Chrysanthemums & More!* and *University of Michigan Health-West: Christmas & Holiday Traditions* occur throughout the year.

Explore our internationally acclaimed permanent sculpture collection, which includes 200 masterworks by artists from Auguste Rodin to Yinka Shonibare CBE. Our indoor sculpture galleries host temporary sculpture exhibitions. Previous exhibitions include George Segal, Beverly Pepper, Ai Weiwei, Mark di Suvero and Dale Chihuly.

The Tassell-Wisner-Bottrall English Perennial Garden is a beautiful start to your visit. Learn about gardens, sculpture and the natural environment in a fun, family setting within the Lena Meijer Children's Garden. Wander back in time through an environment reminiscent of a 1930s-era farm at Michigan's Farm Garden, complete with barn, farmhouse, windmill, heirloom vegetable gardens, and animal sculptures. Enjoy a walk through the 8-acre Richard & Helen DeVos Japanese Garden, a space that includes contemporary sculpture and embodies Meijer Gardens' unique multifaceted mission of promoting the enjoyment, understanding, and appreciation of gardens, sculpture, the natural environment, and the arts.

Tours, programs and educational activities are available for guests throughout the year. A variety of public programs for children and adults are free with admission and allow guests to interact with art and nature through lectures, family activities, and more. Visit **MeijerGardens.org** for a full listing of programs and events.

Meijer Gardens is a place for everyone to enjoy and feel welcome. We invite you to experience our gardens and interior spaces to stimulate your senses, grow your curiosity, and share a cultural experience that is *Always Growing. Always Beautiful. Always New.*

Michigan's Farm Garden

Michigan's Farm Garden focuses on gardening and horticulture as it was during the Depression era. With heirloom vegetables, flower borders and an orchard, guests can experience an example of what a small family farm might have been at that time. The farm house is a three-quarter scale model of Lena Rader Meijer's childhood home, which was located in Amble, Michigan. Among other era-appropriate Michigan's Farm Garden features are the windmill, outhouse, barn and toolshed, some of which provide hands-on learning experiences for guests. The sculptures represent animals commonly found on a family farm during the 1930s.

GWEN FROSTIC WOODLAND SHADE GARDEN

The Gwen Frostic Woodland Shade Garden, named for the renowned Michigan artist and environmentalist, contains examples of her favorite subjects: native plants and animals.

FREY BOARDWALK

Enjoy scenic overlooks of the wetlands from the Frey Boardwalk, which winds along the eastern edge of the main Meijer Gardens campus.
